RIDGELY — The Benedictine School held its annual graduation ceremony at its campus on June 14 in Ridgely to celebrate the accomplishments of 11 students. The ceremony recognized the individual achievements of each graduate with a special award presentation.

Family, friends and staff enjoyed an evening of hospitality, and the ceremony included a live performance of the national anthem by staff member Yvonne Duckery, accompanied by keyboardist Devin Brown. Staff members also performed a sign language routine. Special guest “Elsa” from the Disney movie “Frozen,” surprised graduates at the end of the ceremony and posed for pictures.

Education Director Julie Hickey recognized school teacher Lorraine Slama for recently earning the title of Educator of the Year by the National Commission for the Accreditation of Special Education Services. Benedictine parent Kathy Marinucci of Dominic's Farm, was recognized with the Community Award for sharing her talents and farm resources with school students.

Graduates from The Benedictine School were awarded a High School Certificate of Program Completion and will move on to adult life in their home communities.
